GRANTS AND AWARDS

Awarded

- 2002 **Principal Investigator**, Summer Faculty Research Fellowship from the University of Kentucky to investigate the viability of using the Internet to examine predictors of alcohol use among African American college students. (Direct costs = \$5,000)
- 2001 to 2002 **Principal Investigator**, Research Committee Grant from the University of Kentucky investigating alcohol use among African American undergraduate college students. (Direct

costs = \$6,000).

- 2000 to 2002 **Project Director**, National Institute of Mental Health Minority Supplement. Supervised a graduate research assistant in collecting longitudinal data on to the social support and support networks of African American female adolescents living in housing developments in Louisville as it pertains to their HIV/AIDS awareness and sexual behavior.
- 1999 to 2002 **Co-Investigator**, R-01 grant from National Institute on Alcohol Abuse and Alcoholism (#3 R01 AA10747-05S1; Direct costs = \$34,344). PI was Dr. Rick Zimmerman. Primary responsibility was the secondary analysis of data which lead to the development of two manuscripts: one investigating religiosity as a cultural variable that might explain racial differences in adolescent alcohol use, and the other investigating whether adolescent reports of alcohol use can be trusted.
- 1998 **Co-Investigator**, R-01 grant from National Institute on Alcohol Abuse and Alcoholism and the Center for Substance Abuse Treatment of the Substance Abuse and Mental Health Services Administration. PI was Scott Henggeler. (Total costs = \$3,060,591).
- 1996 to 1997 **Project Director**, R-24 grant from National Institute of Mental Health (#1 R24 MH53558-01A4; Direct costs = \$1,500,000). PI was Dr. Al Santos. The purpose of this research infrastructure grant was to build partnerships between clinical practice/service settings, with little or no research, and academic institutions with ongoing health services research that enhance the national infrastructure for mental health research focused on the delivery of interventions in non-research settings and practice research (i.e., research examining how and which treatments/services are provided to which individuals in typical settings) with a focus on improving care in those settings.
- 1995 to 1997 Awarded the contract from the College of Liberal Arts and Sciences at the University of Illinois at Urbana-Champaign to evaluate the efficacy of the Bridge/Transition program in facilitating the high school-to-college transition and college success of low-income and minority undergraduate students at the University of Illinois at Urbana-Champaign.
