

It was also suggested that the AAUP document be issued to the members of the Board. This suggestion was not affirmed.

2) Proposed Addition to the Administrative Regulations:

Chairman Schwert pointed out to the Council members the proposal from the President relative to an addition to the ARs, specifically an amendment of the last paragraph in Section III, C in AR II, 1.0-1. He asked the Council to be prepared to discuss this item at the next Council meeting.

3) New Business:

Professor Krislov pointed out a concern he had relative to the recent report issued by Harriett Rose concerning the ACT scores of the 1979 freshman class. Among other things, he expressed concern that 20% of the entering freshmen have a composite score of 15 or below.

Following discussion, it was suggested and affirmed that Professor Schwert invite Harriett Rose to visit with the Council to discuss her report.

4) Selective Admissions

Chairman Schwert indicated that he was holding off on the selective admissions study because the University Self-Study may study this subject area and there is no reason for a duplication of efforts.

Having no further business the meeting was adjourned at 4:45 p. m.

Respectfully submitted,

George W. Schwert
Chairman
