WHAT WAS IT LIKE TO COME TO LEXINGTON?

“I have to say that it is like a new home for me to come to Lexington! I feel that it has been a smooth transfer for me from my Chinese university to UK. Everyone I meet is friendly and my professors are nice and help me with my essays. I’ve met a lot of new international and local friends in my residence hall and I feel a high sense of community in the Big Blue Nation!”

WHAT HAS YOUR EXPERIENCE BEEN LIKE SO FAR?

“My experience has been great so far! I have done a lot of things including watching the horse racing at Keeneland and going to UK basketball games with my friends. I also carved pumpkins for Halloween! Lexington is a really attractive city and I’m happy that I chose to study here!”

“I would like to say the culture at UK is diverse and the students are very friendly and kind to international students such as myself. I met a friend in my music class and he is really nice. He has helped me with my English skills and has asked me to share my culture with him. The UK community is welcoming of the Chinese culture and I am always shown respect throughout campus by students and faculty.”
