

Geography - B.A.

College of Arts and Sciences

Geography analyzes and explains the location of and interrelationships between human and physical features of the earth's environment. Geographers also examine how and why features and their locations change over time, with particular interest in the many impacts of these changes on both people and natural settings. Geography is, therefore, both a social and a physical science. Because its fundamental subject matter is people and their environments, the discipline serves as an effective bridge between the physical and cultural worlds.

Majors in geography build solid academic foundations that draw from and interrelate areas of study from the environmental sciences, natural sciences, social and behavioral sciences, humanities, digital studies, and graphic communication. With developed analytical, critical thinking, and communication skills, geography is particularly useful for students wishing to enter a wide range of careers, such as economic development, environmental management, international trade, transportation analysis, diplomacy, government administration, market analysis, urban and regional planning, research, teaching, cartography, Geographic Information Systems (GIS), and private business.

The Department of Geography has developed detailed major concentration tracks in three areas: Mapping and GIS, Environment, and Cities and Societies. For more information, contact the Department of Geography at 859-257-2931, or on the web at: https://geography.as.uky.edu/.

120 hours (minimum)

Any student earning a Bachelor of Arts (BA) degree must complete a minimum of 39 hours at the 300+ level. These hours are generally completed by the major requirements. However, keep this hour requirement in mind as you choose your course work for the requirements in the major. See the complete description of College requirements for a Bachelor of Arts degree in the *Arts and Sciences* section of the 2022-2023 Undergraduate Bulletin.

UK Core Requirements

See the *UK Core* section of the 2022-2023 *Undergraduate Bulletin* for the complete UK Core requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill UK Core areas. Students should work closely with their advisor to complete the UK Core requirements.

I Intellectual Inquiry in Arte and Creativity	
I. Intellectual Inquiry in Arts and Creativity Choose one course from approved list	3
II. Intellectual Inquiry in the Humanities Choose one course from approved list	3
III. Intellectual Inquiry in the Social Sciences Choose one course from approved list	3
IV. Intellectual Inquiry in the Natural, Physical, and Mathematical Sciences Choose one course from approved list	3
V. Composition and Communication I CIS/WRD 110 Composition and Communication I	3
VI. Composition and Communication II CIS/WRD 111 Composition and Communication II	3
VII. Quantitative Foundations Choose one course from approved list	3

Choose one course from approved list	3
IX. Community, Culture and Citizenship in the USA	
Choose one course from approved list	3
X. Global Dynamics	
Choose one course from approved list	3
UK Core hours	
Graduation Composition and Communication Require (GCCR) GEO 499 Senior Research Seminar	
Graduation Composition and Communication Requirement hours (GCCR)	3
College Requirements	
I. Foreign Language (placement exam recommended)	0-14
II. Disciplinary Requirements	
a. Natural Science	6
b. Social Science (completed by Major Requirements)	
c. Humanities	
III. Laboratory or Field Work	
IV. Race and Ethnicity Requirement	
V. Electives	
College Requirement hours:	19-36
Major Requirements	
Major Core Requirements	
GEO 200 Orientation to Geography	3

Breadth Electives

Students must complete an additional 12 credit hours from one or both of the tracks that were not selected as the student's primary track within the major. Of the 12 credit hours, 6 credit hours must be at the 300-level or above. Courses used to satisfy the track requirement may not be used to satisfy the breadth requirement.
