$\ddagger \quad$ Incoming Students are strongly encouraged to take WRD 112 to fulfill the CC1 and CC2 requirements if they have any of the following: an ACT English score of 32 or higher, an SAT Verbal score of 720 or higher, or an AP English Composition score of 4 or 5 . If the student has been accepted into the University Honors Program, the student is required to take WRD 112 to fulfill CC1 and CC2.

* To be discussed with your academic advisor.
p Students who have taken at least 2 years of a language in high school can complete the A\&S Foreign Language Requirement with 3 college semesters of a different language. Students choosing this option should replace the 4th semester of language with electives. Also note that if you take a foreign language placement exam, you may be exempt from 1 or more of the beginning semesters of that language. In this case, replace the by-passed language courses with electives. Any language sequence may be used to satisfy the foreign language requirements.
$\wedge$ Counted toward the 60 credit hours in the physical, biological, and/or mathematical sciences.
$\checkmark 6$ hours of 'free' electives - that do not count toward any other requirement - must be taken. Additional electives may be required to reach the minimum off 120 hours. Consider pursuing a 2 nd major or minor.
$>$ Race and Ethnicity Requirement: The College requires its students to complete an approved race and ethnicity (R\&E) course that will address the changing meanings of race and ethnicity across time and space. Students may double-dip courses to satisfy the R\&E requirement with any other requirement.
