For a 2 year plan, we assume that the student will arrive with all of the UK Core and A&S college requirements complete. That seems necessary if we are to fit the remaining coursework (60 credit hours) evenly over the course of four semesters and account for the 39 hours of 300+ level coursework for the BA. Those requirements include:

- Premajor Requirements (6)
- Major Core Requirements (9)
- Other Course Work From the Major Department (18)
- Other Course Work from Outside the Major Department (18)
- Electives (9)

N.B. If the student has not satisfied all UK Core and college requirements, especially foreign language, the student would need to take semester course loads in excess of 15 hours and/or Summer School.
